Dear Friends from Holy Isle,

I hope you all have reached your destinations safely. Here is a copy of the newsletter with all information that I sent out before Christmas as promised.

Wishing you all many blessings in 2015.

With Love  
Elizabeth

Dear Friends,

This newsletter comes with a number of interesting events for next year. After a quiet year we seem to be heading for a more active 2015. This year I have completed the Emotional Balance Teachers Training which was held very successfully on Holy Isle with fifty participants. I was also lucky to be able to attend the 8-week Dzogchen retreat in Phuket, which Fran describes below. Next year both the CEBTT and the 8-week retreat are being held in Australia.

I send you all my warm wishes for the new year, Elizabeth

### **Retreat with Lama Alan Wallace 5th-13th June 2015**

As some of you already know this will once again be a Dzogchen retreat based on the Dudjom Lingpa text. "The Dharma of an Idiot Who Wears Mud and Feathers for Clothing." This is a very wonderful text and as this retreat comes after the 8 week Dzogchen retreat in Phuket this year, it will surely be an inspiring time together. There will be a strong sense of Sangha I am sure. The retreat will be in the beautiful Dorset countryside at Gaunts House.

Although Gaunts House has very few single or en suite rooms, all the rooms are spacious and carpeted, there are several sitting rooms and an extra hall for personal practice, so it will feel spacious and quiet. Please pass the information about the retreat on to anyone you know who might be interested. If you have trouble with the links the full details and forms are also on the [CCN](#) website. For Full Details [CLICK HERE](#). for booking form [CLICK HERE](#) Please book early to ensure your place.

## **The European Mind Centre and CO Update**

There is exciting news to share with you about the Mind Centre project. During the 8 week retreat in Phuket some land for sale in Tuscany came to Alan's notice. The land has been visited by Khandrola and she has described it as an excellent place for achieving shamatha and realisation.

The land is not far from the Lama Tzong Khapa Institute which is part of the FPMT. Lama Zopa Rinpoche has given his blessing for the land to be purchased for the Mind Centre and CO in Europe. Alan has been in Italy for the past week to present the project to the local authorities with the request for a special use permit. The meetings have gone very well. Of course there will be a number of things to be done but it all looks very promising. Please keep up prayers and aspirations for the smooth development of the project with many blessings. We will keep you updated on progress.

Alan suggest the Seven Line Prayer to Guru Rinpoche ([click here](#)) as a good prayer, but feel free to use whatever inspires you.

## **The 8 Week Dzogchen Retreat in Phuket by Fran Giaquinto**

On August 21st 2014, a group of people from ten countries came together for an eight week silent retreat with Lama Alan Wallace. It marked the eighth retreat in Thanyapura retreat centre in a beautiful and rural part of Phuket in Thailand. The teaching text was the first three of six bardos taught in Padmasambhava's Natural Liberation with commentary by Gyatrul Rinpoche and translated in 1998 by Alan. [Read More](#)
